

# ICRC aid to people affected by typhoon Bopha (Pablo)

Facts and figures as of 30 April 2013

## RELIEF AND EARLY RECOVERY

- Distributed emergency food and relief items to more than 312,000 people since December, in the three provinces hardest hit by the typhoon
- Distributed aid to 77 of the worst-affected barangays (villages) in Davao Oriental and Compostela Valley since January, benefiting 273,000 people
- Ran/running 11 cash-for-work projects in Compostela Valley, benefiting 2,600 people

## HEALTH

- Provided free medical care to 7,000 patients at the Basic Health Care Unit in Baganga, Davao Oriental between January and March
- Repaired or repairing eight health facilities in Davao Oriental, benefiting nearly 120,000 people
- Supported the sending of three mobile clinics of the Compostela Valley Provincial Health Office to remote communities

## WATER

- Provided drinking water to 18,000 people in 14 communities in Davao Oriental between December and April
- Repaired/repairing 11 water supply systems in Davao Oriental and Compostela Valley, providing water to 27,000 people
- Upgraded water and sanitation systems in a Philippine Red Cross evacuation camp in New Bataan, Compostela Valley, serving just under 3,000 people

## SHELTER

- Distributed 53,148 tarpaulins and 4,500 shelter kits during the initial emergency phase of the disaster
- Provided additional emergency shelter materials to 3,600 people displaced by flooding in January in Davao Oriental
- Provided carpentry kits to 250 residents of an extremely remote community in Cateel, Davao Oriental, to help the community rebuild damaged housing
- Launched a project to help over 3,000 families in the worst-affected communities in Davao Oriental and Compostela Valley to build new homes after their houses were destroyed
