

Typhoon Haiyan (Yolanda)

ICRC-PRC Joint Response

update as of 22 November 2013

SAMAR ISLAND

- Ongoing distribution of food to 64,800 people in Guiuan, Mercedes, Salcedo, Balangkayan, Hernani and Victory Island
- Upcoming distribution of food and essential household items to 8,500 people in Homonhon Island
- About 86,500 liters of clean water distributed to some 28,800 people in Guiuan, Basey and Marabut, through water tankers and installation of bladders and tap stands
- Mobile water-treatment units being installed in Marabut and two other areas in the coming days, until the restoration of water-supply systems in nearby affected coastal areas
- Three generators provided to the Guiuan Water Authority to enable functioning of three existing pumping stations. Fuel donated for a pump to operate, providing access to clean water for over 30,000 people
- Medical supplies provided to Basey district hospital and rural health units in Lawaan, Balangiga and Giporlos, pending support in the repair of health facilities
- Basic health-care units to be set up in Basey and Balangiga, with support from the Norwegian Red Cross and Finnish Red Cross; and mobile clinics for local inner communities in the coming days
- Enough food for 15 days distributed to 37 inmates in two jails in Guiuan

In addition:

- Support to Philippine Red Cross personnel in putting relatives in contact with each other
- ICRC assessing and if necessary, answering the needs in detention places in Eastern Visayas
