

ICRC ACTIVITIES IN SA'ADA/AMRAN YEMEN

Saudi Arabia

In cooperation with the Yemen Red Crescent, the ICRC's health team:

- ran the health units in the three IDP camps in Sa'ada city, which are currently hosting around 6,300 people;
- completed a childhood immunization campaign covering some 4,000 children;
- helped the Ministry of Health and Population to provided medical treatment at Quzha, Al-Hadab, Al-Gharbi, Al-Azgool and Al-Husn, south of Sa'ada city;
- supplied the Yemen Red Crescent with the means to run an emergency clinic in Sa'ada city, providing IDPs with free treatment round the clock.

ICRC water and habitat staff:

- restored the water supply in Sa'ada, providing some 85,000 residents with urgently needed water;
- upgraded three pumps in Al-Mahader and Al-Azgool, south of Sa'ada city, supplying more than 17,500 displaced people and residents with drinking water;
- supplied drinking water to around 4,500 displaced people in Bani Mu'ath, west of Sa'ada city, and in Baqem, north-west of Sa'ada city, either by trucking or by repairing boreholes;
- delivered 400 tents to shelter around 2,500 displaced people in the remote area of Baqem, near the border with Saudi Arabia, and built 20 latrines there to improve sanitation.
