

# FACTS AND FIGURES SHAN

JANUARY to DECEMBER 2022

The International Committee of the Red Cross (ICRC) has been working in Myanmar for over three decades, with operations in Shan State for more than 20 years with offices in Kyaing Tong and Lashio, to support families affected by armed conflict, violence, and other humanitarian consequences.

The main ICRC's humanitarian principles, impartiality, neutrality, and independence strengthen our distinctive position and commitment to providing support to the most affected families regardless of ethnicity, religion, or political affiliation through a wide range of humanitarian interventions, in coordination with other humanitarian actors and implementation with Myanmar Red Cross Society (MRCS).

In 2022, we strived to support people affected by conflict and violence to build their resilience and livelihoods. Our efforts included increasing access to essential services, healthcare, physical rehabilitation, mine risk education and livelihood support in different areas including Namtu, Kyaukme, Namkham, Kutkai, Lashio, Mongton, Mawkmai, Taunggyi, Ping Laung, and Hsiseng townships.

ICRC

# OPERATIONAL HIGHLIGHTS

Completion and handover of Emergency Department and Outpatient Department (EDOPD) in Kyaukme District Hospital, that would benefit conflict affected communities from five different townships such as Kyaukme, Hsipaw, Namtu, Namhsan, Naungkio and Manton. ICRC donated 349,689 CHF worth of drugs and medical equipment to Kutkai, Kyaukme, Lashio, Namtu, Namhsan and Naung Pang station hospitals.

1,200 people from over 34 locations attended the ICRC general disseminations which integrated operational communication and IHL sessions.

3,227 families in Ping Laung and Hsiseng township, southern Shan State and 1,071 families Kutkai and Lashio township, northern Shan State received food rations.

113 families had their homes renovated in Namtu township.
