WHAT IS THIS SURVEY FOR?

| In 2007, the International Red Cross and Red Crescent Movement launched a global Restoring Family Links Strategy (2008 – 2018) to |
|--|
| improve the performance of the Family Links Network and to meet the needs of individuals and affected populations separated from, or |
| without news of, their family members more effectively. The Strategy called for a monitoring system to identify significant differences |
| between the objectives and achievements. The ICRC - which coordinates all RFL activities, and provides technical advice in this area to |
| National Societies and governments - is, with the support of the Implementation Group conducting a survey to evaluate the |
| implementation of the Strategy. |
| |
| This questionnaire is a quick self-assessment tool for evaluating your National Societies' implementation of the Strategy and the steps yo |

have taken from 2008-2011 to improve their RFL response. It will also give a picture of the actual capacity and commitment of the tracing services of National Societies. The data that is collected will be used to elaborate a progress report for the Council of Delegates in 2011.

WHO SHOULD COMPLETE THIS QUESTIONNAIRE?

To be able to provide information that is accurate and useful, the person completing this questionnaire should be as close as possible to the actual management of RFL activities within the National Society. Therefore, one of the following persons should complete the questionnaire according to the actual availability.

- 1. National manager or person responsible for RFL services (e.g. Head of Tracing Service or Department, National Coordinator for RFL services)
- 2. National Manager of Department providing RFL services (e.g. Head of Department for International Affairs, Disaster Management, Social Affairs, Refugees and Asylum Seekers)
- 3. Senior Manager (e.g. Secretary General, Director)

Please note that National Societies may complete only one questionnaire each. In order to help us collect best practices, you might be asked at a later stage to share with us certain documents mentioned in the questionnaire.

Thank you in advance for taking the time to complete the following 18 questions and sub-questions carefully! It should no take you more than 60 minutes. If you do not have the time to complete the questionnaire in one session, you can come back any time before the deadline to finish the survey. Your answers will be saved automatically.

Should you want to go through the questionnaire before completing it online, you can access a PDF-version on the following web-page:

| FL NEEDS ASSESSMENT |
|---|
| 2. Since 2008, has your National Society carried out an assessment of the RFL needs and risks in your country? |
| j_{\cap} Yes |
| j₁ No |
| j_{\cap} In progress |
| If your answer is "Yes" or "In progress", please indicate if the assessment is/was comprehensive (i.e. covered the most significant needs and risks in the whole country or in the most affected areas)or partial (i.e. to have a better understanding of the needs of specific population, region, situation etc.) |
| j_{\cap} comprehensive |
| $\mathbf{j}_{	extstyle \cap}$ partial |
| Please indicate the year and aim(s) of the assessment(s): |
| 3. Is your National Society planning an RFL assessment in the near future (2011 - 2013)? |
| j _{r∩} Yes |
| j _{∵∩} No |
| Please specify your answer (if no, please indicate the reason, e.g. no need, no capacities, etc.): |
