

JORDAN

THE ICRC'S COVID-19 RESPONSE

MARCH-AUGUST 2020

PARTNERING WITH THE JORDAN RED CRESCENT SOCIETY

We supported a COVID-19 awareness campaign video.

We supported a COVID-19 video thanking volunteers and health-care workers, which was broadcast on 8 May 2020.

SUPPORTING HEALTH FACILITIES

We have supported the following health facilities:

- Al Bashir Hospital
- Queen Alia Hospital (not listed publicly by the Jordanian government)
- Hamza Hospital
- Health surveillance team at the Jordanian health ministry

4,500

Surgical gloves

600

Gowns for patients

500

Goggles

600

Plastic boots

600

Disinfectant sprayers

600

Surgical masks

300

Rubber gloves

INFECTION CONTROL IN DETENTION CENTRES

We have provided personal hygiene items for detainees and personal protective equipment (PPE) for health-care staff in:

18 correctional facilities

2 main police stations.

5 juvenile centres

We have provided:

24

boxes of surgical gloves

300

300

Gowns

22,000

Bars of soap

1,320

Bottles of Dettol

90

Heavy-duty gloves

540

Brooms & mops & buckets

60

Plastic boots

To ensure families can safely visit relatives in correctional facilities, we have donated **3,000** surgical gloves, **3,000** surgical masks and **1,800** packs of disinfectant wipes.

We have also held a series of workshops for officers at the government's department for correctional and rehabilitation centres on how to implement infection prevention in correctional facilities.

SUPPORTING OTHER ICRC OPERATIONS

We have delivered medical supplies – weighing almost 88,000 kg and worth 1.75 million Swiss francs – through the ICRC's logistics hub in Amman to Yemen. Three flights were chartered to deliver the supplies to support the ICRC's operations in Yemen arriving in:

- Sana'a: 4 May 2020
- Sana'a: 10 May 2020
- Aden: 13 May 2020

The medical supplies included more than 600 different items of drugs, medicines, instruments and other medical equipment, including:

Dressing sets for burns

Disinfectant hand gel

Surgical masks

Surgical gloves

Electric baby warmers

Iodine solution

During the month of August 2020, we have delivered medical supplies - weighing 15 thousand tons and worth 514,519.59 Swiss Franc - through ICRC's logistics hub in Amman to Yemen. One flight was chartered to deliver the supplies arriving in:

- Sana'a: 19 August 2020

The medical supplies included different items, including:

PPE

Insulin

Antibiotics

Bandages/Dressings

Gloves

First Aid Kits

Syringes
