Geneva, December 11th, 2023

REQUEST FOR TENDER FOR GEODESIC FAMILY TENT - FRAME AGREEMENT
RFT: ICRC/GVA23/00104
Closing date for submission of technical certificates and commercial offer: December 29th, 2023 at 14:00 (Geneva time)
Closing date for samples delivery at the ICRC and the Laboratory: January 29th, 2024 at 18:00 (Geneva time)
Validity of the offer until: December 29th, 2024

[Additional Clarifications](#)

[Article 1 Commodity:](#)

Based on our Request for Tender (RFT), the suppliers are requested to quote for both Geodesic Family tent and Winterization kit for Geodesic Family Tent. In Annex 1 is the full specification for Geodesic Family Tent. **However, Winterization Kit specification shall be proposed by supplier (mandatory to have 100% same material used for the Geodesic tent and inner tent liner).**

[Article 2 Corporate social responsibility: ethical and environmental requirements](#)

Sustainable production line that uses renewable energy (>30% of total consumption) brings additional values. Please share and evidence your claim with formal supportive documents.

Article 3.7 Technical documents and certification:

Please confirm the full specification of Geodesic Family tent as per Annex1

Please provide full specification of the Winterization Kit for Geodesic Family Tent.

Should you have any other questions, please contact us through:
