

ICRC

Lebanon Crisis Response Activities

2 March – 22 June 2026

The ICRC continued to respond to the humanitarian impact of the conflict across Lebanon by helping people meet their essential needs, supporting healthcare and water services, protecting people affected by conflict, and working alongside the Lebanese Red Cross and national authorities.

People Reached

- | **99,920** people received food and essential household assistance.
- | **101,000+** people accessed primary healthcare and medical mobile unit services supported by the ICRC.
- | **627,000+** people benefited from support to water infrastructure.
- | **10,000+** detainees received healthcare support in places of detention.

Healthcare

- | **18** hospitals were supported with medicines and medical supplies.
- | **19** Primary Healthcare Centres and **3** Mobile Medical Units were supported with medicines and medical supplies.
- | **27** Emergency Medical Service centres were provided with medical materials, helping **3,775** people access emergency care.
- | **40** weapon-wounded patients had their hospital costs covered.
- | **870** mobility aids were donated, improving access to rehabilitation services for **310** people.
- | **101** psychologists and social workers were trained, with mental health support sessions reaching **4,106** people affected by conflict.

Water and Essential Services

- | **136** pumping stations, wells and networks were supported through fuel, repairs and maintenance.
- | **386,893** litres of fuel were delivered to keep water systems operating.
- | **417,903** litres of fuel, **478,000** litres of water, and **45,100+** litres of medical oxygen were supplied to hospitals to maintain life-saving services.
- | **15** collective shelters had improved water and sanitation services for displaced families in partnership with the Lebanese Red Cross (LRC).

ICRC

Lebanon Crisis Response Activities

2 March – 22 June 2026

Helping People Meet Their Essential Needs

| **19,401** food parcels were distributed.

| **19,984** families received hygiene kits, blankets, mattresses and other essential household items.

| **7** hospitals received food and essential relief items, benefiting
1,370 patients and staff.

Protection

| **5,031** body bags were provided, alongside temporary cold storage capacity and technical training to strengthen forensic preparedness.

| **5** cold storage units deployed and assisted in additional **2** temporary cold storage units in Bekka and Beirut.

| **186** cases related to the conduct of hostilities were documented.

| **42** real-time interventions were carried out with parties to the conflict to help protect civilians, healthcare services and essential infrastructure.

| **48** Red Cross Messages and Safe & Well services were also provided to detainees.

| **39** tracing cases were opened and **36** DNA reference samples collected to help families searching for missing relatives.

Working Together

The ICRC worked closely with the Lebanese Red Cross, the Palestinian Red Crescent Society in Lebanon, healthcare providers and national authorities to help ensure people affected by conflict could access healthcare, clean water, protection and essential assistance while supporting the continuity of critical public services.
