were conducted with different media outlets to shed light on the humanitarian situation in Yemen and the ICRC's response.

60

VIDEO & AUDIO CLIPS

were produced to highlight the humanitarian situation in Yemen and the ICRC's response and activities.

MISSION

The ICRC helps people around the world affected by armed conflict and other violence, and does everything it can to protect their lives and dignity and to relieve their suffering, often with its Red Cross and Red Crescent partners. The organization also seeks to prevent hardship by promoting and strengthening humanitarian law and championing universal humanitarian principles.

People know they can count on the ICRC to carry out a range of life-saving activities in conflict zones and to work closely with the communities there to understand and meet their needs. The organization's experience and expertise enables it to respond quickly and effectively, without taking sides.
